# ADMINISTRATION

***James M. Cassin - Superintendent - Director***

## **Superintendent's Message**

*Members of the Class of 2006, success is defined by Webster's Dictionary as: a successful termination of a venture/the attainment of wealth, favor, or eminence. Philosopher, physician and humanitarian Albert Schweitzer states, "Success is not the key to happiness. Happiness is the key to success. If you love what you are doing, you will be successful."*

*People define success in many different ways. For some, success is having the large house and fancy cars, for others it's living a comfortable modest lifestyle surrounded by good friends and family. Always define your own success, don't strive to achieve someone else's success. Your future successes are in your hands.*

*Sometimes success comes easily, but more often than not it requires a lot of planning, perseverance, and plain old hard work. Success rarely happens by accident. All projects need a good plan and there is no bigger project than your future. There is nothing worth more hard work and perseverance than that project: your future, your success, and ultimately your happiness.*

*Booker T. Washington, the foremost black educator of the late 19th and early 20th centuries wrote, "Success is to be measured not so much by the position that one has reached in life as by the obstacles which he has overcome." No doubt you will run into obstacles and make mistakes along the way, that's part of life. But overcoming the obstacles, by learning from your mistakes you will grow as a person and experience the joy of accomplishing more than you ever imagined possible.*

*Class of 2006, as you get ready to go out and begin your new venture, I ask you to please take a moment to think back on the people and events that have shaped the last four years for you. Your families, your teachers, your friends, and your experience have all helped you reach this point. You have been well prepared to meet life; however, just as it was you who reached your goal here tonight, it is you who holds the keys to your own future success. With planning, perseverance, and hard work as your guiding principles, you will meet them all with grace and strength, and accomplishing great things will be your reward.*

*We are all proud; be proud yourselves.*

*Good Luck,*

# CONGRATULATIONS GRADUATES!

*A message from your yearbook advisor,*

*Congratulations to the Class of 2006. I would like to thank all of the people that have been involved in producing this yearbook. There are quite a few that contribute to this effort, and I am sure to miss someone. My apologies.*

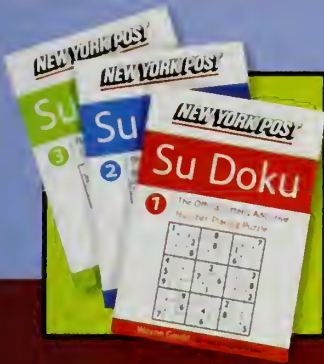

*First, a thank you to Information Processing students Heather Hall and Shayna Dumont for compiling the write-ups, class will, and superlatives. Congratulations to Gary Moore for his yearbook cover design, and to all the Graphic Arts students who worked so hard on their designs. A special thank you to Jen Vivier for all the hard work.*

*Also, to David Saul, thank you so much for your expertise. To my fellow Advisors who planned all the events that are in these pages, thank you for your dedication to our students.*

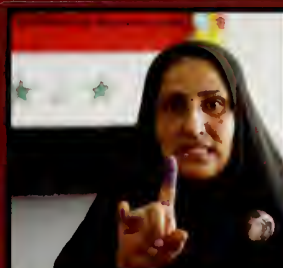

*Finally, my wish for the graduates is that you use this book often. It is your book of memories. Memories of friends, classmates, faculty and staff, all of whom you are greatly indebted for making the road to your future a smoother one.*

*Follow your hearts,  
Peggy Sarmento  
Yearbook Advisor*

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

## August

- 25 Hurricane Katrina strikes Florida.
- 28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.
- 29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breached, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.
- 31 President Bush surveys the damage.

## September

- 1 30,000 National Guard troops are deployed. Gas prices spike to as high as \$5 per gallon.
- 2 President Bush visits Louisiana and signs a \$10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.
- 4 The New Orleans Superdome is evacuated.
- 6 President Bush and Congress pledge to investigate the flawed disaster response.
- 9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.
- 12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.
- 14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.
- 15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.
- 20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.
- 22 Rita hits the Louisiana coast and heads for Texas.
- 23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

## October

- 24 Hurricane Wilma hits southwest Florida.

# RISE FROM THE STORMS

Thousands of Louisiana evacuees receive shelter and medical care in the Astrodome in Houston, Texas.

Homes across the country are opened to families left homeless in the wake of Hurricane Katrina.

Thousands of volunteers help Habitat for Humanity rebuild homes in Louisiana, Mississippi and Alabama.

Louisiana Governor Kathleen Blanco, President Bush and New Orleans Mayor Ray Nagin survey the damage in New Orleans.

Many animals left behind during evacuation are rescued and given shelter or reunited with their owners.

Three months after Katrina strikes, the first New Orleans public school reopens on November 28.
